

About Attain

Founded in 2005, Attain is a Canada-wide network of professionals with over 250 offices and 2500 mortgage brokers and agents from coast to coast.

Operating at the highest degree of professionalism, excellence and ethical standards, we originate over \$18 billion in annual loan volume by helping 45,000+ families with their mortgage needs.

What makes us different?

Attain Financial Group Inc. is a Top Mortgage Broker Network in Canada. 34% of Canadians who bought their houses in 2015 used mortgage brokers instead of major banks, and it's easy to see why more and more Canadians are getting their mortgages through us.
